

REMARKS

In the Notice of Drawing Inconsistency With Specification, the Patent Office notes that Figure 15C is contained in the drawings but not listed in the Brief Description of the Drawings in the specification.

Applicant notes that Fig. 15C was included with the application as filed but not listed in the Brief Description of the Drawings in the specification. Fig. 15C, however, is cited on page 65, lns. 4, 8, and page 68, ln. 21 of the specification as filed. Accordingly, Applicant is amending the Brief Description of Drawings to cite Fig. 15C. As shown above, no new matter is being added by this amendment. Accordingly, it is respectfully requested that this amendment be entered and allowed.

In light of this amendment, the objection to the drawings/specification has been overcome. Therefore, it is respectfully requested that this objection be withdrawn and the patent for this application granted.

If there should be any further objections or problems, please telephone the undersigned immediately.

If any fee is due for this amendment, please charge our deposit account 50/1039.

Favorable consideration is earnestly solicited.

Respectfully submitted,

Date: April 18, 2006
